THE GENERAL CATALOGUE OF JACOBSON & CO.

MCMXXIV

NEW YORK U.S.A.

241 EAST 44TH STREET

Foreword

THE gathering of this remarkable collection of models has taken a quarter of a Century. For years, Architects and Decorators from all over the United States, who have had the opportunity of viewing them, have urged us to put them in such shape that the Public could have the use of them.

The Catalog itself is the result of three years of incessant labor, and we now feel a pardonable pride in its publication. It must not be understood, however, that our work ends with the selling of ornaments selected from this catalog. It shall be our pleasure to place our designing staff at your service, to be at all times helpful to the architect, to advise and assist with our knowledge and experience, gained from twenty-five years of daily contact with the foremost men in the architectural profession.

The service we here offer, will, we confidently believe, be equally as valuable as the book.

It is our hope that this catalog will eventually bind us to you as a very necessary adjunct to your business.

Terms, Conditions and Notes

The prices given are subject to Discount, depending upon quantities, and are F. O. B., N. Y.

The prices are for reasonable (Room) quantities, not for single ornaments, except where single ornaments only can be used. For large quantities inquiries are invited.

All prices herein are based upon the various objects being made in plaster in the customary way. For exterior add 20%—for Cement Stucco apply for prices.

Our terms are 30 days net or 2% discount for cash in ten days from date of bill.

Firms unknown to us will please send New York references or remit with order.

All remittances should be made with draft on New York; cost of collection should be added to checks.

Architects' plans will be estimated on and work executed with care, particularly as to the sculptural detail.

We contract for plain and ornamental plastering everywhere.

Examples of our work can be referred to in almost every section of the United States.

We are specialists in the manufacture of all decorative artificial Stones for interior and Stucco for exterior.

Scale Models. Models for wood and stone carving and sculpture.

Sgraffito or Scratched Ornament

THE term is derived from the Italian graffiato or sgraffiato, used for scratched work, hatching black and white work, or any other two colors.

This system of plastic decoration was rediscovered at the time of the exhumations of the Baths of Titus by Pietro Luggo, and revived by him and Andrea Feltrini, who covered the fronts of buildings with an intonaco of black plaster, which, while in a fresh condition, was covered with a white stucco, to which cartoons were transferred, and then the outline was hatched over with a graving-iron so as to expose the coating of black underneath.

The first facade done in this manner was that of the Palazzo Gondi, in Florence, by Di Cosimo. The next, a very elaborate one, in Lung 'Arno, near the bridge of the Trinita, etc., etc.

The art of producing Sgraffito has been highly developed by us.
It is made in any two colors. Colors guaranteed fast.
It is made in cement slabs, in sizes required, of any design and shape.
The Sgraffito slabs may be set in the same manner as stone or marble slabs and by the same artisans.
Prices on application.

THE following Adam Ceilings are carefully reproduced from well known works and authentic models. Correct modeling and clean and sharp-cut casting is the requisite and all these are faithfully adhered to by us.

The Old English Ceilings following are reproduced in their primitive and quaint way and have all the charm of crudity. They are preferably cast with one inch thickness of ground, in which case they may be screwed to furring strips on the ceiling beams. This makes the lathing and plain plastering of ceiling unnecessary. They may also be made with one-eighth inch thickness of ground, in which case they should be applied to the finished plaster surface of ceiling.
